Powering Chess in India

Message to Players:

One Round Per Day Format

Dear Players,

This event is being conducted with one classical round per day to preserve the true spirit and quality of classical chess.

Long time controls demand deep calculation, sustained concentration, and physical stamina. Playing a single round allows players adequate rest, preparation, and recovery, ensuring that every game is decided by chess skill rather than fatigue.

This is the standard format followed in top international tournaments across Europe and in World Championship events, where classical chess is treated as a test of depth, accuracy, and endurance.

By adopting this structure, we align our event with global best practices and provide players the right environment to perform at their highest level.

We wish you focused play and high-quality games throughout the event.

Greetings

Team ChessBase India
